GOLD
A pre-loved Electron with hull, cabin top, mast and booms in "VERY GOOD" condition for boats age. A competitive boat for club and group racing. In some instances the hull and deck may have been totally refurbished. A UV resistant graphic transfer is used in a deck refurbishment and where required the hull will have been refurbished or repainted. The rig is complete with the Main Sail and Jib in very good condition, the latest Boom Vang, mainsail boat and jib ID numbers, all secured in a Sail Carrier. All the electronics have been checked over and where necessary replaced with the latest Servo's and powered by a new 6.4V rechargeable battery (with USB charging cable). Digital Transmitter and Receiver (either Futaba 2HR or Flysky FS-i6) and Futaba neck strap, complete the RC package. The boat may have new 3D printed bow guard if required, good waterline graphics and, the name of your choice for \$30. A plywood cradle with carry straps makes for easy storage and transporting.
